### **STOCK SCREENER**

### **GO TO FIND IDEAS**

To access the Value Line Stock Screener tool, go to **Find Ideas** in the main menu, and choose **Screener** from the sub menu. The Stock Screener tool will appear with all available criteria. (Screener criteria is determined by level of service associated with your subscription).

You will find the Screener tool in the Find Ideas section.

# STOCK SCREENER TOOL

Once the Stock Screener is open, choose from the screening criteria listed on the left side of web page. Once you choose screening criteria by clicking on those you desire, the appropriate information will appear on the right side.

Reset criteria to start over.

Click on the desired criterium to select or deselect it. Selected criteria will appear in bold.

Criteria ranges can be adjusted by sliding the display endpoints directly, or by entering them in the From and To fields on either side of the Range display.

Use the Results tabs to filter the matching stocks found.

Download results for use in spreadsheet programs

The number of stocks found that match a given criterium is listed on the right.

## CREATE SAVED SCREENS

Use the **Create Saved Screen** button at the top of the page, to save your work. (Capabilities are determined by the level of service associated with your subscription.)
